of Engineers**

Omaha District

Effective Date: January 1, 2002

Wyoming Regulatory Office 2232 Dell Range Blvd., Suite 210 Cheyenne, Wyoming 82009

WYOMING REGULATORY OFFICE
NOTICE OF PERMITS ISSUED, DENIED, SUSPENDED OR WITHDRAWN
October 1 - December 31, 2001

<u>File No.</u>	<u>Applicant Activity - Waterbody - County</u>	<u>Permit Action</u>	<u>Date</u>
199540472	<p>Sewell Partners</p> <p>Proposed construction of a 1250-foot levee extension to the existing Taylor Creek No. 3 levee, a 650-foot access road/levee connecting the existing Sewell levee to a spur dike, and reconstruction of the aforementioned 300-foot spur dike. Located along and adjacent to the Snake River in Teton County.</p> <p>Note: The Corps withdrew this application because it lacked required information from the applicant.</p>	Withdrawn	11/28/01
199740422	<p>Richard Black</p> <p>Proposed construction of a 100-foot barb at the inlet to the Nelson High Water channel of the Snake River in an effort to control flows into the channel. Located at the mouth of the Nelson High Water Channel on the Snake River in Teton County.</p> <p>Note: The Corps withdrew this application because it lacked required information from the applicant.</p>	Withdrawn	11/28/01

<u>File No.</u>	<u>Applicant Activity - Waterbody - County</u>	<u>Permit Action</u>	<u>Date</u>
199640302	<p>Wyoming Department of Transportation</p> <p>Discharge of dredge and fill material in conjunction with the rehabilitation and upgrade of the Karstoft Section of US Highway 130 (Snowy Range Road) covering about 5 ½ miles of the highway located southeast of Saratoga, Wyoming. Authorized work includes the permanent discharge of fill material into 5.49 acres of emergent and scrub-shrub wetlands and 0.28 acres of open water in conjunction with road improvements and the replacement of structures on the North Platte River and Elk Hollow Creek. Temporary impacts to 3.47 acres of emergent and scrub-shrub wetlands and 0.56 acres of open water are also authorized. Construction of 5.77 acres of scrub-shrub wetlands is required to mitigate for permanent wetland impacts. Located on the North Platte River and adjacent tributaries and wetlands in Carbon County.</p>	Issued	10/22/01
200040286	<p>Canyon Club, Inc.</p> <p>Proposed construction of an 18-hole golf course and associated 50-home residential community known as Canyon Club. Proposed discharge of dredge and fill material in conjunction with the project would have involved filling 1.5 acres of wetlands, excavation of 2.75 acres of wetlands, fish habitat enhancement work along 5000 feet of Martin Creek and 1600 feet of a spring creek (Trout Creek), and possible bank protection work on the Snake River. Proposed project is located on the Snake River and adjacent tributaries and wetlands in Teton County.</p> <p>Note: The applicant voluntarily withdrew this application after making substantial design changes to the project. The application was resubmitted with the project changes. The Corps issued a Public Notice on</p>	Withdrawn	10/29/01

<u>File</u> <u>No.</u>	<u>Applicant</u> <u>Activity - Waterbody - County</u>	<u>Permit</u> <u>Action</u>	<u>Date</u>
---------------------------	--	--------------------------------	-------------

November 21, 2001, describing the revised project with a comment period that expired on December 20, 2001. Corps File No. 200140320 was assigned to the revised project. That revised project is currently under evaluation and review.

During the period covered by this public notice, the Wyoming Regulatory Field Office authorized 25 projects under the provisions of the regional general permits available for use in Wyoming. The office also verified 204 projects to be done in accordance with the Corps nationwide permits applicable and available for use in Wyoming.

Anyone interested in knowing if an activity observed in a waterway or wetland in Wyoming has been authorized by an individual, regional, or nationwide permit is encouraged to contact the Wyoming Regulatory Office. Responses to such inquiries will be facilitated if the individual inquiring is able to provide the location of the activity by quarter, section, township, range, and county or the name of the individual or organization responsible for the work.

An Environmental Assessment or Environmental Impact Statement, if such was required, and a Statement of Findings and/or Record of Decision were prepared on each of the issued permits listed above and are on file in the Omaha District, Corps of Engineers, Wyoming Regulatory Office, 2232 Dell Range Blvd., Suite 210, Cheyenne, Wyoming, 82009. Copies of these documents are available and can be obtained upon written request.

Please contact the Wyoming Regulatory Office at (307) 772-2300, if you have any questions or need further information concerning this notice.
